DEVICE SUPPORT

HI-TECH PARTS | TECHNICAL SECTION

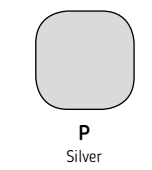

// DEVICE HANDLEBAR SUPPORT

Smartphone mount of superior quality, with machined parts in billet aluminium and anodized in silver color. Diameter of the tube is 20mm and 80mm in length which allows the attachment of several products such as GPS, cel phone, etc. It attaches easily and quickly. It is offered with screws in different lengths to adapt it to any motorcycle.

Available for a wide range of models, consult adjustability to the motorcycle model in the web. It requires that you buy the 3534N support. Compatible with Puig Motoplastic covers for fast application ref. 3530N and 3531N.

MOBILE SUPPORTS

HI-TECH PARTS | TECHNICAL SECTION

// HANDLEBAR

This element allows you to directly adjust the support for the Smartphone to the handlebar of the motorcycle. It is made out of two halves that attach to each other with the handlebar in between, while they adjust through a thumbscrew. We also offer different thickness rubber spacers, so that it ends up perfectly adjusted to the motorcycle.

This part is good for any handlebar that has a diameter of Ø20 until Ø25 mm and just like any of our supports, it is compatible with our cel phone covers.

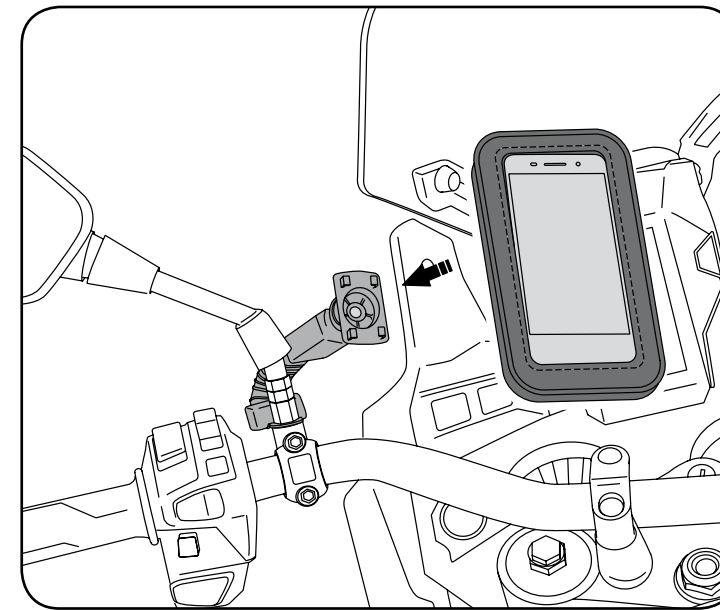

N

// REARVIEW MIRROR BASE

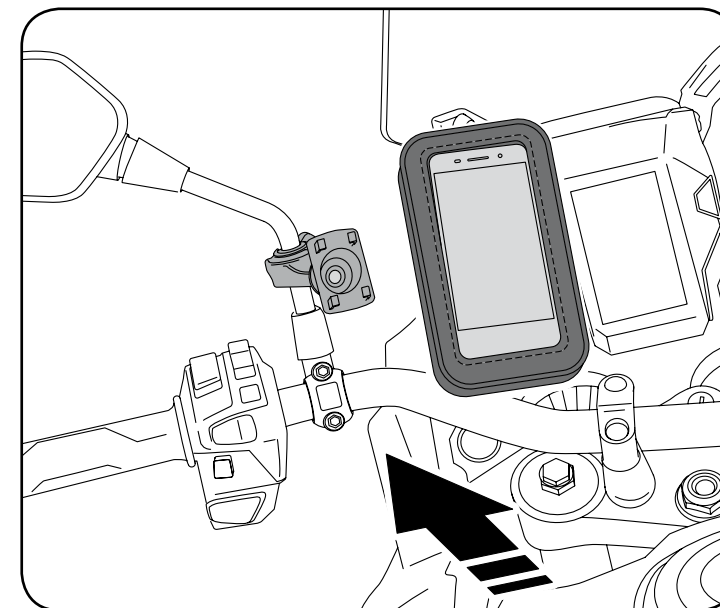

Support for the rearview mirror base, it is an universal support with complete mobility, 360° and also allows 100% adjustability to guarantee the best view during the ride, so the rider doesn't lose focus of the road.

The support is made of a metal base and a semi-rigid arm that guarantees a perfect attachment to the base of the rearview mirror. This support is good for all those motorcycle models that carry the rearview mirrors over the handlebars and are also compatible with Puig's covers.

MODEL	PART#	N
REARVIEW BASE SUPPORT	3532N	(*)

// REARVIEW MIRROR ROD

A support of easy and quick application, where the plastic cover hugs the rearview mirror rod and it is attached by a thumbscrew. It is offered with different rubber spacers, of different thickness, to adapt it to the different motorcycles needs.

This support is good for mounting over any rearview mirror with a cylindrical rod of Ø0 until Ø25 and just like the last one it is compatible with our covers.
